- Compressed industrial gas
- Polychlorinated biphenyl (PCB), a banned chemical compound previously used in coolants and plasticizers

## KEEP HOUSEHOLD HAZARDOUS WASTE OUT OF THE TRASH

Sacramento County and the cities of Citrus Heights, Elk Grove, Rancho Cordova and Sacramento aim to keep HHW out of landfills.

### Procedures for packaging and transporting items to a HHW facility:

- ☑ Keep products in their original containers. Do not mix products and make sure lids are tightly sealed. Label materials that are not in their original containers.
- ☑ Place leaking containers in a larger, plastic container with a tight-fitting lid.
- ☑ Secure products upright in a cardboard box so they do not tip over in transport.
- ☑ Transport products in the back of a pickup truck or in a car trunk. Ensure adequate ventilation if transported inside a passenger vehicle.
- ☑ Keep flammables out of direct sunlight and away from sources of heat, spark, flame or ignition. Do not smoke near products.
- ☑ Remain in your vehicle upon arrival at the facility, prepare to show your driver's license, and allow staff to off-load your waste.
- ☑ Containers larger than 5 gallons will not be accepted.

# HOUSEHOLD HAZARDOUS WASTE (HHW)

## YOUR GUIDE To Proper Disposal in Sacramento County

# DON'T PUT HHW IN THE TRASH!

Take it to a convenient drop-off location in Sacramento County. It's easy and FREE!
